Testimonials

Eddie Wu, Mark Keppel High School

“I got into UC Berkeley, UCLA, Northwestern, Duke, Caltech, Johns Hopkins, Cornell, Columbia, and more. I think the best part about my experiences at HarvardSquare² is the fact that the counselors here have never failed to reduce my stress level and give me hope during a maddening college application season. Thank you all for your support!”

Katherine Xu, Valencia High School

“I’m so glad I got into UCLA! It was on my dream school list. I always got help from HarvardSquare² when I needed it. You have done your best job to help me. Thank you very much!”

Veronica Pimintel, Diamond Ranch HS

“I didn’t understand calculus; now I’m a little ahead. It feels good when people ask you how to do it and you know how to explain it! Now I try harder. I’m shooting for an ‘A’ now!”

Sean Full, Diamond Ranch High School

“The honest truth is I would most likely not have been accepted to the colleges I applied to without the help from HarvardSquare². I got accepted into all eight colleges I applied to: UCLA, USC, UCSD, UC Berkeley, UCI, UCR, UCSB, and the UOP Pre-Dental Program.”

Charles Choi, Los Altos High School

“Harvard Square² helped me get into Wharton School of Business at University of Pennsylvania Early Decision by helping me put together a great application package, and even editing all my essays. Thank you so much, HS2!”

Eric Win, Walnut High School

“My SAT score has improved 450 points! HarvardSquare² is fun and the teachers are great. Since there are small classes, it gives you opportunities to go over your weaknesses and mistakes and you’re really able to get individual attention. I feel the teachers really care about me.”
